Re: Moffitt Faculty Office Building Project

Dear Ron:

Pursuant to the request of the University of South Florida ("USF"), the H. Lee Moffitt Cancer Center and Research Institute, Inc. ("Moffitt") has completed the enclosed Form RDL 1 and Form RDL 2.

Please note that by completing and submitting these forms Moffitt is making its best efforts to cooperate with USF under what we understand to be USF's current procedures for construction projects. However, we request that the University recognize that the procedures for construction on Moffitt's campus are governed by the August 26, 1994 Board of Regents Agreement Sublease No. 2725-13 ("the Sublease"). Accordingly, Moffitt is not waiving any rights pursuant to the Sublease by submitting these forms. Further, Moffitt requests that USF comply with all time deadlines for its review of this project as set forth in the Sublease. Moffitt is relying upon timely reviews pursuant to the Sublease in scheduling the construction of the Faculty Office Building.

If you have any questions or comments, please call me.

Sincerely,

H. Lee Moffitt Cancer Center & Research Institute

Dean Head
Director of Facilities
