### Death Investigation

UPDATE: At approximately 12 p.m. on Saturday, August 12, two individuals who are not affiliated with the university were taken into custody in connection with the situation on campus this morning. Through the course of the investigation, detectives from the USF Police Department tracked the persons of interest to another county in Florida outside of the Tampa Bay region where they were arrested.

The safety of the USF community is always our highest priority. We do not believe there is an active threat to the campus community.

As always, students, faculty, and staff are encouraged to remain vigilant and aware of their environment and to immediately report suspicious activity by calling 911.

Unless additional information develops, there will be no further updates.
