

# USF MURP Fellowship Program

## Internship and Tuition Waivers for Top Talent

The University of South Florida (USF) Master of Urban and Regional Planning (MURP) program partners with leading Tampa Bay area planning agencies and firms to offer a unique fellowship program to outstanding MURP students. MURP Fellows receive a paid internship and a tuition waiver, which covers approximately 80% of the program tuition costs!

USF MURP currently has fellowship opportunities with the City of Tampa, Plan Hillsborough, Hillsborough TPO, Forward Pinellas, Alfred Benesch & Company, and ESRP! MURP Fellows participate in critical planning projects throughout the region, and often find employment upon graduation through the training and contacts they gain as fellows. The USF MURP Fellowship Program is valued by area planning employers, who use it to recruit top talent.

Fellowship appointments are typically for an entire academic year and, in some cases, may be renewed for up to two years. Fellows may also be eligible for employee benefits through USF. USF MURP students are informed when fellowship opportunities become available, and fellows are selected by employers.

To find out more, please contact the MURP Program Director, Dr. Evangeline Linkous, at [elinkous@usf.edu](mailto:elinkous@usf.edu).
