

M.A. in
**WOMEN'S, GENDER, and
SEXUALITY STUDIES**

UNIVERSITY of
SOUTH FLORIDA

WOMEN'S, GENDER, and SEXUALITY STUDIES

Founded in 1972, Women's, Gender, and Sexuality Studies (WGSS) at USF ranks among the oldest women's studies programs in the United States. A rare freestanding department with its own full-time graduate faculty, we were the first Women's Studies degree-granting program in Florida.

COLLEGE OF ARTS & SCIENCES
Women's, Gender, and Sexuality Studies

Today, our interdisciplinary graduate faculty are nationally recognized award-winning teachers and scholars, and 100% of our courses, scholarship, and department programming emphasize gender, sexuality, race, class, and/or ability. Faculty expertise includes social movements, gender and health, media studies, science studies, sex trafficking, victimization, motherhood studies, disability studies, intersex and transgender studies, queer and trans of color critique, and transnational feminisms. We also boast over 80 affiliate faculty members representing more than 25 departments and colleges across USF.

We are also small enough for students to work closely with our professors, who are committed to mentoring students toward their goals. Graduate classes typically have fewer than 15 students, and only 5-7 new graduate students are admitted each year.

Most MA students in WGSS are teaching assistants for our popular introductory courses. WGSS teaching assistantships include an 80% tuition waiver, a competitive stipend, health insurance, and in-state tuition rates. All TAs develop their teaching skills through intensive faculty mentoring and coursework.

YOUR FUTURE

- The University of South Florida (USF) is a high-impact research university dedicated to student success and committed to community engagement. It generates an annual economic impact of more than \$6 billion.
- USF has campuses in Tampa, St. Petersburg and Sarasota-Manatee. USF serves approximately 50,000 students who represent nearly 150 different countries.
- For four consecutive years, U.S. News & World Report has ranked USF as one of the nation's top 50 public universities, including USF's highest ranking ever in 2023 (No. 42).
- In 2023, USF became the first public university in Florida in nearly 40 years to be invited to join the Association of American Universities, a prestigious group of the leading universities in the United States and Canada.

WGSS GRADUATE DEGREE IN PRACTICE

The Women's, Gender, and Sexuality Studies Graduate Certificate offers graduate students and working professionals the opportunity to study issues related to gender, race, sexuality, disability, intersectionality, transnationalism, postcolonialism, and social justice.

Students will also learn how to employ feminist and queer research methods to explore their research interests. The certificate experience enhances any education and professional background, including educational, social, or health services.

WHY PURSUE AN M.A. IN WGSS?

Students learn fundamental skills in critical thinking, writing, communication, teamwork, and leadership as they individually and collaboratively work to understand how history, culture, and power shape diverse people's lives.

The M.A. is designed to serve the needs of a variety of students. This program prepares students both for continued academic study and for positions outside the academy, especially in social justice and public-service organizations. Graduates are prepared for Ph.D. and counseling programs, law schools, and public and private sector careers.

OUR GRADUATE PROGRAMS

- M.A. degree in Women's, Gender, and Sexuality Studies
- Graduate Certificate in Women's, Gender, and Sexuality Studies

“The WGSS master’s program at USF was a terrific experience for me as it provided me with the tools to produce my own feminist research and the skills to teach at the university level. The faculty and staff of WGSS have supported and trusted me on my journey to becoming a better academic and scholar and for that, I am forever grateful.”

*Beth Gaines,
Graduated Fall 2022*

“Pursuing the M.A. in Women’s, Gender, and Sexuality Studies has helped me develop important skills such as critically examining social justice issues and articulating strong, chaotic emotions into organized concepts and ideas. Through the program I learned to better take care of my mind, body, and spirit as well as others and to re-imagine the world with like-minded people. Also, it has enabled me to move one step forward toward my career goals, with the opportunity to apply the concepts and perspectives into practice.”

Juyeon Shin, Graduated Spring 2023
