

November 18, 2016

The CAS Tenure and Promotion Committee's nine members (three from each school) have been reviewing files throughout November and are on track to complete the committee's tenure and promotion recommendations by December 1.

The committee is considering 22 cases in total, 6 from SHUM, two from SSS, and 14 from SNSM. Of these cases, 14 are tenure and promotion to Associate Professor (6 from SHUM, 1 from SSS, and 7 from SNSM) and the remaining 8 are promotions to Full Professor (1 from SSS and 7 from SNSM). Among all cases, 17 were placed on the Consent Agenda at the School level. All of those cases have been reviewed and the Consent Agenda has been accepted. Two cases not on the Consent Agenda have been reviewed and recommendations have been sent to the Dean's Office. There remain three cases for review and deliberation. We expect to have our deliberations and recommendations to the Dean's Office by December 1.
