New Requirements for Federal Procurement Program for Woman-Owned Small Business

SBA WOSB

Woman Owned Small Business

There are **new requirements** coming to the Federal Procurement Program for Women-Owned Small Business (WOSB). The WOSB program recognizes Women-Owned Small Business and Economically Disadvantaged Women-Owned Small Business (EDWOSB) companies. It is administered by the SBA and the guidelines are incorporated in the Federal Acquisition Regulations (FAR). Starting in

October 2020, the SBA will require valid certification to be recognized in the program and be eligible for set aside or sole source contracts (Tier 1).

For more information please click [HERE](#).

Are You a Diverse/MBE Organization?

The Office of Supplier Diversity team is implementing new and innovative ways to reach our diverse suppliers. If you qualify as a diverse owned business enterprise be sure to register or update your business information with details about your business and type of services you provide. Please ensure that you upload any diverse business certifications as well. Don't miss this opportunity to share your information with USF Staff and purchasing agents. Click the link to update your information today.
