- _____ SPA 4901: Research Methods in Communication Sciences & Disorders 3
- _____ SPA 4050: Introduction to Clinical Processes (PR: SPA 3004, SPA 3310) 3
- _____ SPA 3470: Culture and Diversity in CSD (meets Ethical Reasoning Gen Ed) 3

EMAIL: LSHadvise@usf.edu *Please include U# in all correspondence

- Please note that the **sequencing of these courses is very important**, and courses have been thoughtfully paired together for your academic success. Most courses have prerequisites which must be passed in order to progress in the major. Not following the recommended academic plan will result in delays to graduation.
- **120 TOTAL credits are required to graduate**, so some students will need to work in additional credits to meet the credit hour requirement. Adding MORE coursework than is needed to graduate, however, can result in excess hours. All attempted coursework is included in your excess hours calculation, including courses, repeated courses, withdrawals after the drop deadline, etc. Excess hours will ultimately result in double tuition.
- This program is not available 100% online. Your presence on the Tampa campus will be required to complete this degree.
- C- or higher required in all major courses. Any student who receives a grade of "D+" or lower in two or more major courses will be required to change majors. Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" or lower grades in major courses, whether grade forgiven or not.
