

Directions to the Auditory & Speech Science Lab Communication Sciences and Disorders (PCD) Building Room 3008A

(Also see attached Map)

Fowler Ave Entrance to Parking

Turn onto Leroy Collins Blvd. at USF campus main entrance

Turn left at 1st stop light onto Alumni Dr.

Turn right on Magnolia

Turn right onto Laurel (past 1st stop light and pond on right)

Enter the last parking area on the right

Assigned parking spaces are on the left, marked in green and designated “CSD/PSY Clients”

Fletcher Ave Entrance to Parking

Turn into campus on Magnolia

Turn left at 2nd stop light onto Citrus (across from Moffitt Cancer Ctr)

Turn right at the traffic circle onto Laurel

Turn left into first parking lot

Assigned parking spaces are on the left, marked in green and designated “CSD/PSY Clients”

Walking from Parking Lot to the Lab

The PCD building is directly ahead

The CSD (Communication Sciences & Disorders) portion of the building is on the left side (across Laurel Dr) as you approach the building

Enter through the double glass doors

Check in with the receptionist just inside the double doors on the left

Let them know that you are here for Dr. Eddins’ research study.
