

# THE POWER OF PLAY: VIDEO GAMES IN EDUCATION

Wednesday, January 31, 2024  
6:30 p.m. - 8:00 p.m. EST  
Online link provided upon registration

## Join us for this free webinar!

Join us for an engaging exploration of how video games can be powerful tools for enhancing literacy skills in K-12 education. Designed for practicing teachers, administrators, and higher education researchers, this webinar delves into the transformative impact of video games on language learning, vocabulary acquisition, and problem-solving abilities.

- Discover innovative strategies for incorporating game-based learning into your curriculum and gain insights from experts in the field.
- Explore the dynamic world of video games and their diverse genres. Uncover how engaging with these games empowers students, nurturing their ability to actively create content while simultaneously developing essential literacy skills.
