

MARCUS KILPATRICK, Ph.D.

Curriculum Vitae

February 2020

PERSONAL

Full Name: Marcus Wayne Kilpatrick
Birthplace: DeFuniak Springs, Florida
Date of Birth: May 24, 1971
Citizenship: United States
Family: Spouse: Holly Kilpatrick, PT
Children: Sarah (20) & Noah (17)
Work Contact: College of Education, Exercise Science Program
4202 East Fowler Avenue, PED 214
University of South Florida
Tampa, FL 33620
Email: mkilpatrick@usf.edu
Laboratory Address: Health and Exercise Science Laboratory
PED 101
Personal Contact: 12207 North 53rd Street
Tampa, FL 33617
Mobile: 813-362-6696
Email: marcuskilpatrick@yahoo.com

EDUCATION

University of Texas, Austin, TX
Ph.D. Health Education, August 1999
Advisor: John Bartholomew

University of Texas, Austin, TX
M.Ed. Kinesiology, May 1996
Advisor: Jack Wilmore

Florida State University, Tallahassee, FL
B.S. Food and Nutrition, April 1994
Advisor: Robert Moffatt

Okaloosa-Walton Community College, Niceville, FL
A.A. General Studies, August 1991

PROFESSIONAL EXPERIENCE

University of South Florida

Assistant Professor, Exercise Science, Fall 2004 to Summer 2009
Associate Professor, Exercise Science, Fall 2009 to Summer 2016
Professor, Exercise Science, Fall 2016 to present
Graduate Coordinator, Exercise Science, Fall 2007 to Fall 2011
Adjunct Instructor, Honors College, Spring 2010 to Spring 2013
Department of Educational and Psychological Studies
Division of Exercise Science
Core Duties

Teach undergraduate and graduate courses, conduct research and participate in professional activities, advise graduate students, engage in service

Instructional Responsibilities

Exercise Testing and Prescription, Exercise Psychology, Clinical Exercise Testing and Prescription, Physical Activity Epidemiology, Sport Psychology, Research Methods, Exercise and Mental Health, Internship in Exercise Science

Appointments

Director, Health and Exercise Science Laboratory

Southeastern Louisiana University

Assistant Professor, Health Promotion and Exercise Science, Fall 1999 to Summer 2004
Department of Kinesiology and Health Studies
Core Duties

Teach undergraduate and graduate courses, conduct research and participate in professional activities, advise undergraduate and graduate students, engage in university and professional service

Appointments

Director of Health and Exercise Psychology Laboratory

Instructional Responsibilities

Fitness Testing and Prescription, Clinical Exercise Testing and Prescription, Exercise Physiology, Exercise Physiology Laboratory, Health Behavior Change, Personal Health, Healthy Lifestyles, Physical Fitness Concepts, Kinesiology Lab courses, Statistics, Advanced Exercise Testing and Prescription, Worksite Health Promotion, Nutrition for Health and Human Performance, Human Behavior in Exercise and Sport

University of Texas at Austin

Graduate Assistant, Fall 1994 to Summer 1999
Department of Kinesiology and Health Education
Instructional Responsibilities

Psychological Aspects of Exercise, Sport Psychology, Child and Adolescent Health Promotion, Weight Training, Tennis

Research responsibilities

HERITAGE research project (supervisor: Jack Wilmore)
Sport and Exercise Psychology Lab (supervisor: John Bartholomew)

MANUSCRIPTS IN PUBLICATION

- 1) **Kilpatrick, MW**, Newsome, A#, Foster, C, Robertson, R, Green, M. Scientific rationale for RPE use in fitness assessment and exercise prescription. *ACSM's Health and Fitness Journal*. 24, 24-30.
- 2) Fleming, AR#, Martinez, N, Collins, L, Waddell, B#, Chiodini, M, **Kilpatrick, MW**. (2020). Psychological responses to high-intensity interval training: a comparison of graded walking and running at equivalent metabolic loads. *Journal of Sport and Exercise Psychology*, 42, 70-81.
- 3) Lamadrid, P#, Williams, DK*, **Kilpatrick, MW**, Bickford, PC, & Sandberg, CD. (2019). The impact of dietary supplement NT-020 with rhodiola rosea on energy, fatigue, and perceived exertion. *Functional Foods in Health and Disease*, 9, 706-718.
- 4) Oliveira, BRR, Santos, TM, **Kilpatrick, MW**, Pires FO, & Deslandes, AC. (2018). Affective and enjoyment responses in high intensity interval training and continuous training: a systematic review and meta-analysis. *PLoS ONE*. Jun 6;10.1371.
- 5) Saal, H, Heerinckx, F, Zawadzki, R, Omidvar, O, **Kilpatrick, M**, Zesiewicz, T. (2018). Strong correlations observed among four measures of disease progression in Friedreich's ataxia. *Neurology*, 90.
- 6) Zesiewicz, T, Heerinckx, F, DeJager, R, Omidvar, O, **Kilpatrick, M**, Shaw, J, & Schchepinov MS. (2018). Randomized clinical trial of RT001: early signals of efficacy in Friedreich's ataxia. *Movement Disorders*, 33, 1000-1005.
- 7) Faries, MD, & **Kilpatrick, MW**. (2017). Facilitating health behavior change. In P. Magyari (Ed.), *ACSM's Resources for the Exercise Physiologist* (pp. 318-334). Baltimore, MD: Wolters Kluwer.
- 8) Colquhoun, RJ, Gai, C, Walters, J, Brannon, A, **Kilpatrick, MW**, D'Agostino, DP, & Campbell, BI. (2017). Comparison of powerlifting performance in trained males using traditional and flexible daily undulating periodization. *Journal of Strength and Conditioning Research*, 31, 283-291.
- 9) Wang, HL, Liu, CJ, **Kilpatrick, M**, Jim, H, McMillan, S, Vijayakumar, N, McDonald, S, Padhya, T, Russell, J, Vondruska, K, & Visovsky, C. (2017). Exergame grading scheme: concept development and preliminary psychometric evaluations in cancer survivors. *Rehabilitation Research and Practice*, 6843016.
- 10) Haley, C#, Edwards, J, Andel, R., & **Kilpatrick MW**. Daily physical activity and cognitive function in older adults. (2016). *Journal of Aging and Physical Activity*, 24:256-267.

RESEARCH PRESENTATIONS

- 1) Kilpatrick, MW, Mastrofini, GF, Hudson, LA, Rosado, AP, Aggor, CM, Tauran, RC, & Fleming, AR. (2020). Impact of autonomy on enjoyment and affective valence during high-intensity interval training. Paper presented virtually at the annual meeting of the American College of Sports Medicine, San Francisco, CA.
- 2) Mastrofini, GF, Collins, RP, Rosa, JA, Sipos, KM, & Waddell, B. (2020). Autonomy and variation in high-intensity interval training. Paper presented virtually at the annual meeting of the American College of Sports Medicine, San Francisco, CA.
- 3) **Kilpatrick, M**, Fleming, A, Smith, T, Schumacher, B, Waddell, B, Newsome, A, D'Oliviera, A. (2019). Cardiometabolic and perceptual responses to maximal exercise: comparing graded walking and ungraded running. Paper presented at the annual meeting of the American College of Sports Medicine, Orlando, FL.
- 4) Fleming, A, Martinez, N, Chiodini, M, Collins, L, Ashley, C, & **Kilpatrick, M**. (2019). Affective and perceptual responses to high-intensity interval training: comparing graded walking to ungraded jogging. Paper presented at the annual meeting of the American College of Sports Medicine, Orlando, FL.
- 5) Kilpatrick, MW, Rice, AM, Stankich, JD, & Lane SE. (2018). The relationship between affect and enjoyment during high-intensity interval training in overweight sedentary adults. Paper presented at the annual meeting of the American College of Sports Medicine, Minneapolis, MN.
- 6) Faries, MD, **Kilpatrick, M**, Heifrin, M, & Carter, L. (2018). Turn & live: a faith-based intervention on spirituality, diet, and physical activity. Paper presented at the annual meeting of the American College of Lifestyle Medicine, Indianapolis, IN.

- 7) Fradley, MG, **Kilpatrick, MW**, Shields B, Tran N, Sanders A, Bianco E, Kip K, Kirby B, Wick N, Armanious M, Becoates K, Beckie T, & Ismail-Khan R. (2018) The effects of comprehensive cardiovascular risk reduction program on health-related quality of life and fitness among women with breast cancer receiving potentially cardiotoxic chemotherapy. Presented at the annual meeting of the American College of Cardiology, Orlando, FL.
- 8) **Kilpatrick, MW**, Williams, D, Lamadrid, P, Collins L, Bickford P, & Sandberg C. (2017). Effects of a nutraceutical product on energy, fatigue, and perceived exertion in healthy active adults. Presented at the annual meeting of the American College of Sports Medicine, Denver, CO.
- 9) **Kilpatrick, M**, Lane, S, Rice, A, Aguilar, D, Kallin, G, & Jung, M. (2016). High-intensity interval training in overweight and sedentary adults: impacts on intention for future exercise. Presented at the annual meeting of the American College of Sports Medicine, Boston, MA.
- 10) **Kilpatrick, MW**, Lane, SE, Stankich, JD, Williams DK, Szauer, M, Bledsoe, C, Freeman, JT, Bayer, L, Franek, M, & Little, JP. (2015). Enjoyment and affective responses to high-intensity interval training in overweight adults. Presented at the annual meeting of the American College of Sports Medicine, San Diego, CA.
- 11) **Kilpatrick, MW**, & Martinez, N. (2014). Exertional responses to high-intensity interval training in overweight adults. Presented at the annual meeting of the American College of Sports Medicine, Orlando, FL.
- 12) Campbell B, O'Halloran J, Martinez N, Theilen N, and Wilson J, & **Kilpatrick M**. (2014). The Effects of Practical Vascular Blood Flow Restriction Training on Maximal Muscular Strength. Presented at the annual meeting of the National Strength and Conditioning Association.
- 13) O'Halloran J, Campbell B, Martinez N, O'Connor S, Fuentes J, Theilen N, Wilson J, and **Kilpatrick M**. (2014). The effects of practical vascular blood flow restriction training on skeletal muscle hypertrophy. Presented at the annual meeting of the International Society of Sports Nutrition.
- 14) Martinez, N, **Kilpatrick, MW**, Price, NW, Buchanan, LA, Robles, MA, & Rubio, AM. (2014). Affective and enjoyment responses to high-intensity interval training in overweight and sedentary individuals. Presented at the annual meeting of the American College of Sports Medicine, Orlando, FL.
- 15) Durrer, CG, Martinez, N, Hummel, ML, Jenkins, NT, **Kilpatrick, MW**, & Little, JP. (2014). The effects of acute high-intensity exercise on circulating endothelial microparticles in overweight/obese males and females. Presented at the annual meeting of the American College of Sports Medicine, Orlando, FL.
- 16) Haley, CB, Edwards, JD, Andel, R, & **Kilpatrick, M**. (2014). Daily physical activity and cognitive performance variability in older adults. Presented at the Cognitive Aging Conference, Atlanta, GA.
- 17) **Kilpatrick, MW**, Greeley SJ, & Collins LH. (2013). Impact of Sprint Interval Training and Continuous Cycle Exercise on Perceived Exertion. Presented at the annual meeting of the American College of Sports Medicine, Indianapolis, IN.
- 18) Martinez, N, **Kilpatrick, MW**, & Greeley, SJ. (2013). A Comparison of Interval Training and Continuous Exercise on Enjoyment. Presented at the annual meeting of the American College of Sports Medicine, Indianapolis, IN.
- 19) Greeley, SJ, Harring, V, Pendergrast, A, Collins, LH, & **Kilpatrick, MW**. The Impact of Continuous and Discontinuous Cycle Exercise on Affect. Presented at the annual meeting of the American College of Sports Medicine, Indianapolis, IN.

- 20) Greeley, SJ, Collins, LH, Hubbard, EA, Ohara, JL, & **Kilpatrick, MW**. (2012). Impact of Interval Duration on Affect and Enjoyment in Healthy Young Adults. Presented at the annual meeting of the American College of Sports Medicine, San Francisco, CA.
- 21) **Kilpatrick, MW**, Greeley, LH, Hubbard, SJ, Collins, EA, & Ohara, JL, &. (2012). Exertional Responses to Sprint Interval Training: A Comparison of 30-Second and 60-Second Conditions. Presented at the annual meeting of the American College of Sports Medicine, San Francisco, CA.
- 22) Adams, C, Ogg, JA, Bradley-Klug, K, Fefer, S, Mowatt, A, **Kilpatrick, M**, Hansen, L, & Bateman, L. (2012). Physical activity bursts impact academic engagement for students with ADHD. Poster presented at the annual meeting of the National Association of School Psychologists. Philadelphia, PA.
- 23) Janse Van Rensburg, K, Ehlke, S, MacQueen, D, Evans, D, **Kilpatrick, MW**, & Drobos, D. (2012). The Effects of Exercise on Smoking Behavior: A Topography Study. Presented at Society for Research in Nicotine and Tobacco, Houston, TX.
- 24) **Kilpatrick, MW**, Greeley, SJ, Gomez, BL, Parker, BA, & Campbell, BI. (2011). The Impact of Multiple Wingate Cycle Trials on State Anxiety in Control and Caffeine Conditions. Presented at the annual meeting of the American College of Sports Medicine, Denver, Colorado.
- 25) Greeley, SJ, **Kilpatrick, MW**, Gomez, BL, Parker, BA, & Campbell, BI. (2011). The Impact of Multiple Wingate Cycling Trials on Affect in Health Male Participants. Presented at the annual meeting of the American College of Sports Medicine, Denver, Colorado.
- 26) Campbell B, Parker B, Gomez B, **Kilpatrick M**, La Bounty P, Wilborn C, and Willey S. (2010). The effects of a commercially available energy drink on vertical jump performance. Presented at the National Strength and Conditioning Association Annual Conference, Orlando, FL.
- 27) Campbell B, **Kilpatrick M**, Wilborn C, La Bounty P, Parker B, Gomez B, Elkins A, Williams S, and dos Santos MG. (2010). A commercially available energy drink does not improve peak power production on multiple 20-second Wingate tests. Presented at the annual meeting of the International Society of Sports Nutrition, Clearwater, FL.
- 28) Campbell B, Downing J, **Kilpatrick M**, La Bounty P, Elkins A, Williams S, dos Santos MG, et al. (2010). The effects of a commercially available energy drink on resistance training performance. Presented at the annual meeting of the American College of Sports Medicine, Baltimore, MD.
- 29) **Kilpatrick, MW**, Giblin LM, Morgan BV, Bortzfield, A, Lynch S, Willey, S, & Robertson, R. (2010). The Impact of Intensity Variations Within Trials of Similar Work on Perceptions of Effort, Affect, Self-Efficacy, & Enjoyment. Presented at the annual meeting of the American College of Sports Medicine, Baltimore, MD.
- 30) **Kilpatrick, MW**, Powers, J, Ashley, C, Campbell, B, & Dedrick, R. (2009). A survey of collegiate strength and conditioning coaches: characteristics and opinions. Presented at the annual meeting of the American College of Sports Medicine, Seattle, WA.
- 31) **Kilpatrick, M**, Powers, J, Ashley, C, Campbell, B, & Dedrick, R. (2009). An examination of biases and perceptions of contemporary strength and conditioning coaches at the university level. Presented at the annual meeting of the National Strength and Conditioning Association, Las Vegas, NV.
- 32) Fallon, K, Kuczynski, A, **Kilpatrick, M**, & Campbell, B. (2009). The impact of wearable weights on cardiovascular, metabolic, and perceptual responses to treadmill walking. Presented at the annual meeting of the National Strength and Conditioning Association, Las Vegas, NV.

- 33) **Kilpatrick, MW**, Powers, JM, Mears, JL, Ferrer, NF, & Wagman, J. (2008). Comparison of perceived exertion ratings before, during, and after three different bouts of aerobic exercise. Presented at the annual meeting of the American College of Sports Medicine, Indianapolis, Indiana.
- 34) **Kilpatrick, MW**, Mears, J, Dedeia, A, & Ferrer, N. (2008). Impact of fitness on self-selected trials of treadmill exercise. Presented at the annual meeting of the Southeastern American College of Sports Medicine, Birmingham, Alabama.
- 35) **Kilpatrick, MW**, Mears, J, Powers, J, Wagman, J, Ferrer, N, Anglin, M, Tippett, J. (2007). Intensity and perceptions of self-selected trials of treadmill exercise. Presented at the annual meeting of the American College of Sports Medicine, New Orleans, Louisiana.
- 36) **Kilpatrick, MW**, Mears, J, Dedeia, A, & Ferrer, N. (2006). Impact of ungraded jogging and graded walking on exertion, oxygen consumption, heart rate, and pain. Presented at the annual meeting of the American College of Sports Medicine, Denver, Colorado.
- 37) Hollander, DB, Kraemer, RR, **Kilpatrick, MW**, Jeansonne, JJ, Ramadan, ZG, Reeves, GV, Francois, M. (2005). Comparison of mental and physiologic markers in eccentric and concentric actions. Presented at the annual meeting of the North American Society for the Psychology of Sport and Physical Activity, Clearwater, Florida.
- 38) Hollander, D.B, Clavier, JD, Kraemer, RR, **Kilpatrick, MW**, Ramadan, ZG, Reeves, GV, Jeansonne, JJ, & Tryniecki, JT. (2005). Fatigue characteristics of eccentric vs concentric muscle actions in isodynamic resistance exercise. Presented at the National Strength and Conditioning Association national conference in Las Vegas, Nevada.
- 39) Hollander, DB, Kraemer, RR, **Kilpatrick, MW**, Ramadan, Z, Reeves, G, & Francois, M (2004). Eccentric and concentric strength differences between men and women. Presented at the annual meeting of the American College of Sports Medicine, Indianapolis, Indiana.
- 40) **Kilpatrick, MW** & Diez, K. (2005). An analysis of motivations for healthful diet and physical activity. Presented at the annual meeting of the American College of Sports Medicine, San Francisco, California.
- 41) Wei, B, **Kilpatrick, MW**, Cole, D, & Naquin, M. (2004). A comparison of walking, water aerobics, and yoga on college students' level of stress, anxiety, and mood status. Presented at the annual meeting of the American Alliance for Health, Physical Education, Recreation, and Dance, New Orleans.
- 42) Guillot, J, **Kilpatrick, MW**, Hebert, E, & Hollander, D. (2004) Applications of the transtheoretical model to cardiopulmonary rehabilitation. Presented at the annual meeting of the American Alliance for Health, Physical Education, Recreation, and Dance, New Orleans.
- 43) **Kilpatrick, M**, Jarreau, D, Bartholomew, J, & Kraemer, R. (2004). Comparing exercise bouts of differing intensities and durations on post-exercise mood. Presented at the annual meeting of the American College of Sports Medicine, Indianapolis, Indiana.

GRANT ACTIVITY

College of Education Mini-Grant	
College of Education, received for 2020-2021	\$5,000
The Effects of the Slope of Pleasure on Remembered & Forecasted Pleasure	
Role: PI	
Ardmore Institute of Health	
Ardmore Institute of Health, <u>received</u> for 2017-2018	\$39,711
Turn and Live: The Feasibility of a Six-Week, Faith-Based Program to Impact Physical Activity and Healthy Eating.	
Role: Co-PI (PI: Mark Faries, Texas A&M University)	
National Marrow Donor Program Be the Match Foundation	\$240,000
Evaluating Functionality in Allogenic Transplant Recipients: Methods to Identify and Modify Fitness.	
Role: Consultant (PI: Asmita Mishra, USF Health).	
American Heart Association	
American Heart Association, submitted 2015, <u>not funded</u>	\$156,257
High-Intensity Training Interval Interventions: The Impacts of Intensity and Autonomy on Behavioral Outcomes	
Role: PI	
Women's Health Collaborative	
USF Health, <u>received</u> for 2015-2017	\$15,000
The Role of a Comprehensive Cardiovascular Risk Reduction Program in Women with Breast Cancer Receiving Cardiotoxic Chemotherapy	
Role: Co-Investigator (PI: Fradley, USF Health)	
Florida High Tech Corridor	
USF Connect, <u>received</u> for 2014-2015	\$50,000
Development of a natural weight management product and clinical data to support NutraStem Active	
Role: Co-Investigator (PI: Bickford, USF) & Sub Project PI (\$10,800)	
National Institute of Aging	
National Institutes of Health, submitted 2014, <u>not funded</u>	\$2,174,876
BETTER Aging Study (Brain Enhancement Training Towards Elder's Resilience to Aging)	
Role: Co-Investigator (PI: Merzenich)	
National Cancer Institute	
National Institutes of Health, <u>received</u> for 2013-2016	\$147,258
Impact of Continuous and Discontinuous Exercise on Affective and Enjoyment Responses, 1R03CA171806-01A1	
Role: PI	
USF World	
Global Academic Partnership Grant, <u>received</u> for 2012-2013	\$12,000
Perceptual and Affective Responses to High-Intensity Aerobic Exercise	
Role: PI	
American Heart Association	
American Heart Association, submitted January 2012, <u>not funded</u>	\$156,257
Enjoyment and Affective Responses to Aerobic Exercise: A Comparison of Continuous and Discontinuous Exercise Training	
Role: PI	

National Cancer Institute
National Institutes of Health, submitted December 2011, scored/unfunded \$149,005
Impact of Continuous and Discontinuous Exercise on Affective and Enjoyment Responses,
Role: PI

National Institute of Drug Addiction
National Institutes of Health, submitted November 2011, not funded \$1,421,172
Aerobic Exercise and Nicotine Withdrawal
Role: Co-Investigator & Site PI (PI: Drobos)

Institute of Educational Sciences
U.S. Department of Education, submitted September 2011, not funded \$1,205,581
Impact of Classroom-Based Physical Activity on Student Academic Engagement
Role: PI (with Ogg, Bradley-Klug, & Witherspoon)

College of Education Research Collaborative Grant Program
University of South Florida, received for 2011 \$14,400
Impact of Short Bursts of Classroom Physical Activity on Classroom Behavior and
Academic Achievement in Children Diagnosed with ADHD
Role: PI (with Ogg, Bradley-Klug, & Witherspoon)

National Institute on Drug Addiction
National Institutes of Health, submitted October 2010, not funded \$2,313,844
Aerobic Exercise and Nicotine Withdrawal
Role: Co-Investigator & Site PI; (PI: Drobos)

Neuroscience Collaborative
University of South Florida, received for 2010-2012 \$100,000
Aerobic Exercise and Nicotine Withdrawal
Role: Co-PI

National Institute on Drug Addiction
National Institutes of Health, submitted March 2009, not funded \$1,494,794
Impact of Aerobic Exercise on Nicotine Withdrawal and Cravings in Smokers
Role: Co-Investigator & Site PI; (PI: Drobos)

College of Education Mini-Grant Program
University of South Florida, received for 2008-2009 \$4,825
Exercise and Mood Responses: A Comparison of Imposed Versus Self-Selected Cycle
Exercise
Role: PI

Beginning Grant-In-Aid Research Program
American Heart Association, submitted January 2008, not funded \$130,816
Impact of Vigorous Interval Exercise on Affective Responses in Normal Weight and Obese
Adults
Role: PI

College of Education Mini-Grant Program
University of South Florida, submitted Spring 2007, not funded \$4,825
A Comparison of Fitness and Body Composition on Perceptual Responses to Exercise
Role: PI

College of Education Mini-Grant Program
University of South Florida, received for 2006-2007 \$4,947
Perceptual Aspects of Aerobic Exercise: Impacts on Exertion, Pain, Mood, and Arousal
Role: PI

New Researcher Grant
University of South Florida, submitted Spring 2006 & 2007, not funded \$9,950
Perceptions of Exercise Experience in Women: A Comparison of Fitness and Weight Status
Role: PI

Sunshine Education and Research Center Research Project Grant Program
University of South Florida, received for 2005-2006 \$15,000
Early Intervention in Exertional Heat Illness
Role: Co-PI

College of Education Mini-Grant Program
University of South Florida, received for 2005-2006 \$4,855
Psychological and Physiological Responses to Self-Selected Trials of Treadmill Exercise
Role: PI

Faculty Development Grant
Southeastern Louisiana University, received for 2003-2004 \$1,950
Impact of Exercise Prescription on Adherence and Affect
Role: PI

Center's Innovative Teaching Initiative Grant
Southeastern Louisiana University, received for 2003-2004 \$4,175
Aerobic Fitness Education: Applying Technology to Enhance Learning and Motivation
Role: Co-Investigator; (PI: Hebert)

Faculty Development Grant
Southeastern Louisiana University, received for 2002-2003 \$1,900
Influence of Exercise Intensity and Duration on Perceptions of Exercise During Recovery
Role: Co-PI

Center's Innovative Teaching Initiative Grant
Southeastern Louisiana University, received for 2001-2002 \$1,575
Enriching Traditional Classroom Learning With Partnered Technology Experiences
Role: Co-PI

Louisiana Board of Regents Millennium Trust
Louisiana Board of Regents, submitted for 2000-2001, not funded \$37,598
Trials to Understand Cardiovascular Reactivity to Psychophysiologic Stress and Resiliency
in Adults Over 55
Role: Co-Investigator (PI: Hollander)

Faculty Development Grant
Southeastern Louisiana University, received for 2000-2001 \$1,506
Analysis of Various Exercise Protocols on Post-Exercise Perceptions of Exercise.
Role: PI

Center's Innovative Teaching Initiative Grant
Southeastern Louisiana University, received for 2000-2001 \$6,000
REAL Studies in Health and Exercise Science
Role: Co-PI

CONTRACTS

Retrotope Pharmaceuticals

Received for 2015-2016 \$228,540

A Randomized, Double-Blind, Controlled Study to Assess the Safety, Tolerability, and Pharmacokinetics of RT001 in Patients with Friedreich's Ataxia.

Role: Co-Investigator (PI: Zesiewicz)

Reata Pharmaceuticals

Received for 2015-2019 \$424,134

A Phase 2 Study of the Safety, Efficacy, and Pharmacodynamics of RTA408 in the Treatment of Friedreich's Ataxia

Role: Co-Investigator (PI: Zesiewicz)

Edison Pharmaceuticals Inc.

A Randomized, Double-Blind, Placebo-Controlled, Crossover Study of EPI-743 (Vincerinone™) in Friedreich's Ataxia Patients with a Point Mutation

Unfunded

Role: Co-Investigator (PI: Zesiewicz)

More Health Grant Program

Received for 2010-2011 \$10,824

A Comparison of Sport Activities in the Physical Education Classroom on Physiological and Psychological Variables

Role: PI

Body Togs, Inc. Research Program

Received for 2008-2009 \$17,505

The Impact of Wearable Weights on Cardiovascular, Metabolic, and Perceptual Responses to Treadmill Walking

Role: PI

University Community Hospital Bariatric Weight Loss Center

Received 2007-2010, approximately \$300/month \$9,600

Exercise Counseling for Preoperative and Postoperative Bariatric Surgical Patients

Role: PI

Health and Exercise Science Laboratory Income

Received for 2007-present

Intermittent income from laboratory fitness testing since ~\$5,000

Role: PI
