

Information regarding Form W-2 for 2024 follows:

ADP will host all of the W-2 tax forms on their web portal. All active employees who previously consented to receive an electronic W-2, may access their 2024 W-2 tax form through the GEMS Employee Self Service via MyUSF. Navigate to the Payroll tile in the Employee Self Service portal. Then select the ADP tile that when clicked will link you directly to the ADP web portal. (additional [information](#) is on the CHR webpage).

If you are a terminated employee who previously consented to receive your W-2 electronically, you will need to access the ADP web portal directly and a detailed [document](#) is available on the CHR webpage.

- The amounts included as 2024 W-2 reportable earnings are payments issued that have a check date of 2024. The days worked in 2024 but paid in January 2025 will be included on the W-2 Tax Statement for 2025.
- The Social Security Number (SSN) on your form has been truncated so that only the last four of the SSN appear on the form. The truncation only appears on the employee copy; the copy filed with the Social Security Administration will include the entire SSN. Requests for us to provide employees with a W-2 showing the full SSN cannot be accommodated. If you believe the Social Security number on Form W-2 is incorrect, contact the Payroll office immediately at UCO_Payroll_CERTS@usf.edu
