KALTURA
Adding Chapters to a Kaltura Video

Kaltura offers the ability to add chapters to a video to facilitate student navigation when reviewing.
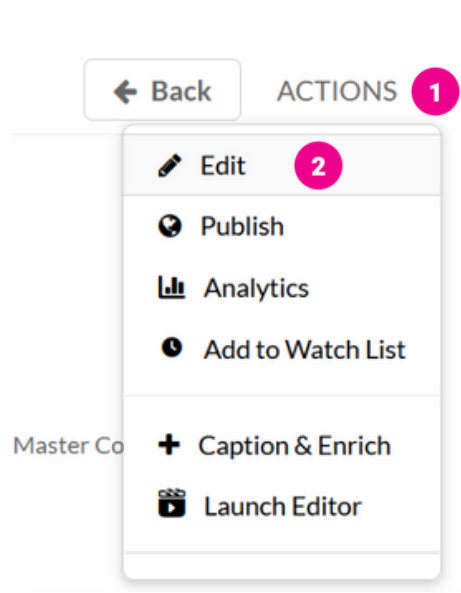

ADDING A CHAPTER

**1** From the left-hand side navigation bar, click **My Kaltura**.

Syllabus

My Kaltura

Course Kaltura

2 Open your video and choose **Actions** (1) > **Edit** (2).

← Back   ACTIONS **1**

✏ Edit **2**

2

5 A chapter mark outline will appear on the timeline. To move it, click and drag.

6 Here, you can add your **Chapter Title** (1) and create a **Description** (2), though that is optional. Finally, select **Save**.

**7** The chapter mark will fill in once saved.

8 Choose **View in Player** to view the chaptering in action.

4

9 **Three white lines** will appear at the top left corner of the player. Select them.

10 The chapter panel will open, showing the chapter titles. These are links that allow students to move to that spot in the video. Select the **three lines** again to close the panel.
