GLOBAL SUSTAINABILITY

# GLOBAL INTERNSHIPS

# Intern anywhere in the world!

# Intern local or within the continental U.S.

# Different Types of Internships:

- Direct Internships
  - Global Partners
- Third Party Partners

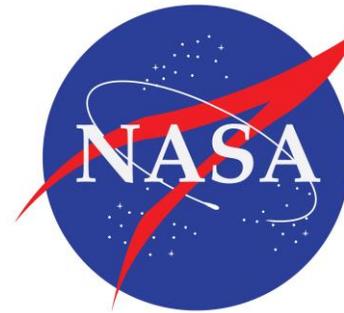

# Direct Internships

Internship is directly with the company. May be paid/unpaid. Duration of internship determined by company. Typically not flexible. Competitive and not guaranteed. No cost unless you are relocating.

CLEARWATER MARINE  
AQUARIUM™

# Global Partners

Global opportunities with on-the-ground, local support that you can choose based off of the description, price and duration. Requires a fee, but you have travel assistance and more guidance than a traditional internship. Must apply for these opportunities, but they are less competitive than direct internships.

# Third Party Partners

Trusted partners that create guaranteed, custom-built internships for students in specific locations around the world. Requires fee, but comes with on-the-ground support as well as travel assistance. Flexible duration and customized to your interests and skills. Fee is due before placement.
