GUIDELINES SPECIAL FUNDING REQUESTS

All requests for Faculty Support Funding, which includes such items as (1) reimbursement for travel expenditures incurred to explore interdisciplinary funding possibilities with granting agencies; (2) special equipment requests, including repair of critical scientific or technical equipment; and (3) interim (bridge) funding between grants, should be made through the appropriate College Dean.

Requests for equipment matching on a contract or grant proposal should come from the Dean of the College before the proposal is submitted to the sponsoring agency.

Written justification and documentation is required for all funding requests.
