

# How to Use Canva to Create an LCD Screen

## Step 1

Open Canva and login or create an account

## Step 2

Click on the top right corner button that says "Create a Design" 

## Step 3

Select the bottom left option named "Custom size"

## Step 4

Add the correct standard TV size (1920x1080) in order to create a graphic

## Step 4

Click "create new design" to begin working on your correctly sized graphic
