USF IS A CONSISTENT TOP PRODUCER OF FULBRIGHT SCHOLARS

WHAT IS THE FULBRIGHT ASSOCIATION?

In 1976, the Board of Foreign Scholarships (now the J. William Fulbright Foreign Scholarship Board) convened regional meetings of Fulbright Alumni to celebrate the 30th anniversary of the Fulbright Program. The Fulbright Association grew out of resolutions adopted at those meetings.

Senator J. William Fulbright also encouraged alumni to create an active constituency for the Fulbright Program. He wanted alumni to educate members of Congress and the public about the benefits of advancing increased mutual understanding between the people of the United States and those of other countries. He also wanted U.S. alumni to welcome and to exchange ideas with Fulbrighters from abroad. Senator Fulbright traveled from Arkansas to the United Kingdom on a Rhodes scholarship and valued the welcome and support he had received while outside the U.S.

The Fulbright Association continues the Fulbright Program international exchange experience by promoting opportunities for life-long learning, collaborative networking, and service at home and abroad for alumni, supporters and friends of the Fulbright program. Association members form the active constituency helping to promote and preserve Fulbright exchanges to ensure that they continue to benefit future generations. Established February 27, 1977, the Fulbright Association is a private, nonprofit and nonpolitical organization whose members are Fulbright Program alumni and friends of international education. The Association supports and promotes international educational and cultural exchange, and the ideal most associated with the Fulbright name -- mutual understanding among the peoples of the world.

The University of South Florida is one of approximately 150 institutional members of the Fulbright Association. The Mid-Florida Chapter of the Fulbright Association is one of the 60+ local affiliate chapters. In 2018, the Mid Florida Chapter received the Fulbright Association Committee's Choice Award for strong programming and its partnership with USF. Each year, the Mid-Florida Chapter hosts many programs for Fulbright Alumni and visiting Fulbrighters. Programs range

from educational events, panel sessions, and music and art presentations to local networking and numerous other interesting events/ initiatives from year to year. A tentative list of programs for fall 2023 is provided on the next page. Those who are members of the Fulbright Association may attend many events free of charge or for a nominal fee, and when grant funds permit, those who take visiting Fulbright Students to events are awarded a small stipend.
